

Resolution Endorsing the California Automatic Student Voter Registration Program's Implementation in the University of California

WHEREAS, The UC Merced Graduate Student Association seeks to empower current and future students to advocate on their own behalf for the accessibility, affordability, and quality of the University of California system,

WHEREAS, Legislative advocacy is critical to this end, in addition to shared governance with the University of California system,

WHEREAS, The UC Merced Graduate Student Association is a member organization of UCSA, which coordinates a long-standing campaign, UCweVOTE, that aims to register students to vote, provide voter education, and get out the vote on Election Day,¹

WHEREAS, In preparation for the 2012 Presidential Election student associations in the University of California system often expend enormous resources registering students to vote,

WHEREAS, the UC Merced Graduate Student Association External Vice President attends the UCSA's annual Student Lobby Conference in Sacramento each spring where around 400 UC students develop lobbying skills, learn more about issues affecting students and CA higher education, and directly engage elected officials on these issues,²

WHEREAS, Voter registration continues to be one of the greatest barriers to public participation in California's democracy,

WHEREAS, In the 2014 general elections, the 18-24 year old population in California had the lowest turnout for all age groups, making up a meager 3.9 percent of those who voted,³

WHEREAS, Voter registration efforts and voter turnout are solely dependant on the year long manual efforts, organizing, and financing of students,

WHEREAS, Young people, like minority and low-income communities, have higher rates of geographic mobility, which consequently affects their ability to maintain their voter registration records up to date,⁴

WHEREAS, While voting rights are on the defense in many states with restrictive voting laws, such as cutbacks on early voting periods and the elimination of same-day registration, California continues to lead in modernizing strategies for voter engagement and removing obstacles to the ballot,⁵

WHEREAS, Under such automatic voter registration programs, voters retain their right to opt out or cancel their voter registration at any time,

WHEREAS, Automatic voter registration programs are designed to set forth adequate safeguards and procedures that protect the privacy, security and confidentiality of student information, especially that of vulnerable student populations such as undocumented students and students who are survivors of domestic violence, sexual assault, or stalking,

WHEREAS, The Automatic Student Voter Registration has the support of Assemblymembers David Chiu (D-San Francisco) and Rob Bonta (D-Alameda), who are currently drafting legislation to formalize this program proposal as an official state policy,
