

GSA Meeting 4/4/16

Jason, Paul, and Katie were missing the meeting.

After hearing the updates about the re-accreditation process from Laura Martin, officers reports were discussed

We voted for the "**Resolution Endorsing the California Automatic Student Voter Registration Program's Implementation**". We had three people supporting this, zero opposition and one neutral vote. This was approved.

Afterward we discussed some of the issues about the "nowUCsb's letter of concern". It seems that officers require more time to take a closer look at this and discuss it further in next general assembly meeting.
